

SETTINGS

To access Quha Dwell Settings, open the Quha Dwell application. If it has been minimized, click the -logo in the System Tray area.

To end using Quha Dwell close the Settings window. Minimizing the window will not disturb using it.

PROGRAM SETTINGS

Basic behaviour settings like language, startup, backup and license information.

AUTO CLICKER

Settings for pop-up menu, actions and auto clicker usage speed.

SPEECH

Speech settings for speech output.

POINTER

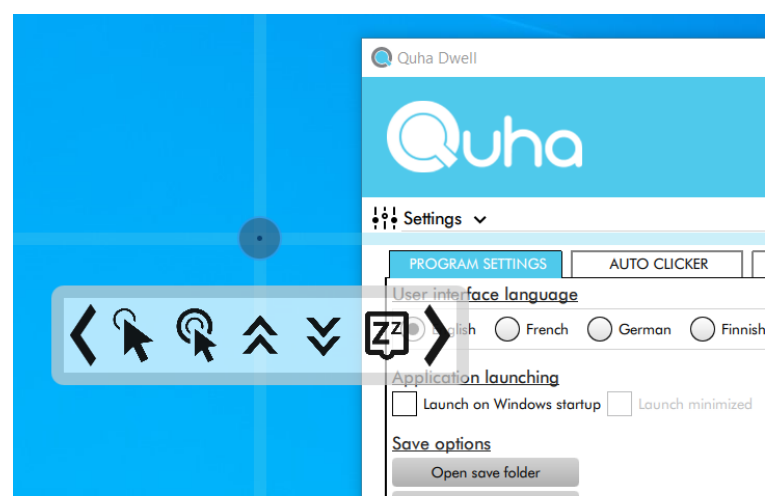

Settings for pointer like guidelines and animated cursor.

COLORS

Color settings for pop-up menu and full screen text input.

FULLSCREEN

Dictionary settings for full screen text input.

QUHA DWELL

QUICK GUIDE

Copyright 2020 Quha oy.

Quha, the Q-mark and Quha Dwell are trademarks of Quha oy.

HOW DOES IT WORK?

Place the cursor where you want to perform an action. Dwell Bar will appear next to the cursor and you can select the dwell action to be performed.

SLEEP / WAKE-UP

After the sleep icon has been selected, Quha Dwell enters the sleep mode and stops opening the dwell bar.

To wakeup Quha Dwell, place the cursor on top of the wake-up icon and wait until the dwell time is elapsed. By default the wake-up icon is located on top of the screen.
